

Advanced Open Water Diver Class

The PADI Advanced Open Water Diver course is perfect for the certified diver to gain additional experience in different types of diving. It helps you increase your confidence and build your scuba skills to become more comfortable in the water.

Requirements: You must:

- be a certified Open Water Diver
- be at least 12 years of age
- be in overall good health

What to expect

The Advanced Open Water Diver course is all about diving. Five separate dives are done over two days. Prior to the dives, we review important concepts related to each of the dives. Tuition for the class is \$215. The course manual, rental gear and park entrance fees are **not** included.

Open Water Training

The diving experience includes a deep dive and a navigation dive plus three additional Adventure Dives. All dives are made under the supervision of a dive instructor who can help you take your diving to the next level.

Adventure Dives may Include:

- Diver Propulsion Vehicle (DPV)
- Dry Suit
- Multilevel and Computer
- Wreck
- Night
- Boat
- Peak Performance Buoyancy
- Search and Recovery
- Underwater Naturalist
- Underwater Photography

In addition to the course manual, you will need to have a slate, compass, and dive lights (if doing the night dive).

Advanced Open Water Plus Program

For those interested in gaining additional skills and experience to prepare for participation in local wreck diving, we offer the Advanced Open Water Plus Program. The program includes one extra dive during the course and incorporates additional skills and training specifically geared towards the challenging diving in the Northeast. The cost for the Plus program is an additional \$100. You will also need to purchase a lift bag, surface marker, wreck reel, and light, and you will need to rent a pony bottle for the course. At the end of the program you can sign up for one of our NJ Charter trips and have an instructor or divemaster provided to you as a guide.
