

Equipment Specialist Course

Don't miss a dive due to minor issues with your scuba diving equipment. Whether it's a missing o-ring, wetsuit tear or a broken fin strap, the PADI Equipment Specialist course teaches you to manage basic repairs and adjustments. You'll also learn more about how your gear works, making you more comfortable with it and better prepared to take care of your investment.

Course Overview

- Review the theory, principles and operation of scuba diving equipment
- Learn about routine, recommended care and maintenance procedures, and equipment storage
- How to overcome common problems with equipment and recommended professional maintenance procedures (may include a demonstration of repair procedures)
- Gain simple suggestions for comfortable equipment configurations and an introduction to new gear (may include optional confined water dive to try new or unfamiliar equipment)

Requirements

- Prerequisite certification: Junior PADI Scuba Diver or have a qualifying certification from another training organization.
- Minimum age requirement: 10 years.
- Complete the eLearning module prior to class

Call or stop in for details. Please review our missed class and cancellation policies and procedures in our [Class Policies](#) page before registering.
