

Night Diver Course

The thought of dipping below the surface at night seems mysterious, yet so alluring. Although you've been scuba diving at a site many times before, at night you drop into a whole new world and watch it come to life under the glow of your dive light. The scene changes as day creatures retire and nocturnal organisms emerge. If you've wondered what happens underwater after the sun goes down, sign up for the PADI Night Diver Specialty course.

Course Overview

- Practice underwater navigation at night and learn how to find entry and exit points in the dark. Your instructor will share night diving tips, teach you how to stay in contact with your buddy, and avoid disorientation.

Requirements

- Prerequisite certification: PADI (Junior) Open Water Diver (or qualifying entry-level certification)
- Minimum age requirement: 12 years.
- Complete the academics or eLearning module prior to class

Call or stop in for details. Please review our missed class and cancellation policies and procedures in our [Class Policies](#) page before registering.
