

Search and Recovery Course

Have you ever dropped something in the water? Are you looking for lost “treasure”? The PADI Search and Recovery Diver Specialty course will teach you effective ways to find objects underwater and bring them to the surface. Small, large or just awkward, there is a way to bring them up. Find lost items and lift them to the surface. It’s fun to use the lift bag. Not only are these skills fun, but very practical and ultimately useful because eventually, you’ll lose something in the water. As a Search and Recovery Diver, you’ll know how to search for and recover it.

Requirements

- Prerequisite certification: (Jr.) Advanced Open Water or (Jr.) Open Water with Underwater Navigation certification
- Minimum age requirement: 12 years.
- Read and complete knowledge reviews from the Search and Recovery manual and watch accompanying DVD.
