

Wreck Diver

Whether purpose-sunk as an artificial reef for scuba divers, or lost as the result of an accident, wrecks are fascinating windows to the past. Ships, airplanes and even cars are fascinating to explore and usually teem with aquatic life. Each wreck dive offers a chance for discovery, potentially unlocking a mystery or spying something others have missed. The PADI Wreck Diver Specialty course is popular because it offers rewarding adventures while observing responsible wreck diving practices.

Requirements

- Prerequisite certification: PADI Adventure Diver or have a qualifying certification from another training organization.
- Minimum age requirement: 15 years.
- Read and complete knowledge reviews from the Wreck Diver manual and watch accompanying DVD or complete the eLearning module.
